

SHADE TREES

Ginkgo biloba 'Autumn Gold'

Autumn Gold Ginkgo

Height: 40'

Growth: slow

Spring Foliage: green

Fall Foliage: gold

Spread: 40'

Habit: rounded

Flower: inconspicuous

Fruit: fruitless

Application

What else can be said of the mighty ginkgo, one of the only living things to survive the atom bomb explosion near Hiroshima. This fruitless male selection offers everything this prehistoric tree has offered us for the last 270 million years, with the exception of the stinky female fruit. Brilliant gold fall color and symmetrical branching will light up any landscape.

PREFERS FULL SUN

GOOD FALL COLOR
